

"ChildFund is the **single most effective organization** I've worked with to improve the lives of children around the world, **skillfully addressing the root causes of poverty** with a local, sustainable, community-empowering approach. The stories I've experienced of child sponsorships are overflowing with ChildFund's commitment to care for the whole person and their communities with **compassion and hope.**"

"Our family has been privileged to partner with ChildFund International in the care of children living in extreme poverty. **ChildFund sponsorship has challenged our family and our church to look beyond ourselves.**"

"Childfund put the **faces and stories of the poor** and disadvantaged in our world right in front of our church and then **gave us the tools to respond** to Jesus' call to care for the least of the least of these."
