PAINT THE TOWN CHILDFUND GREEN

Just hanging a poster seems like a simple thing, but spreading awareness is one of the easiest ways you can help make a difference in children’s lives.

See below to request your pocket of posters, then paint your town green by hanging them all around your community. Remember to ask for permission in shops and businesses — explain who you are and how important ChildFund’s mission is to you. (But please don’t hang posters on cars or private property.) Otherwise, get creative, gather tape and thumb tacks, and go to town! And remember to take pictures as you go to post on Facebook or Instagram.

Contact ChildFund Volunteers at volunteers@childfund.org or 804-756-2772 to request your posters.
