ChildFund Appoints Theofanos to Director of Global IT

Richmond, Va. – Jan. 13, 2012– ChildFund International announces the appointment of Ted Theofanos as director of global IT infrastructure, information systems. Theofanos and his team will handle ChildFund’s datacenters, servers, networks, unified communications, IT security, software provisioning and inventory, PC lifecycle management, desktop support and help desk.

Theofanos has 13 years of experience in all aspects of IT with a focus on IT Infrastructure, including network engineering and datacenter technology design, configuration, implementation and support expertise.

He was a senior manager with Booz and Company where he managed a staff of six engineers to provide global support for all aspects of IT Infrastructure. Prior to his tenure with Booz and Company, he was a network engineer with Booz Allen Hamilton, leading a network engineering team that had infrastructure responsibility for two datacenters and 120 WAN sites and branch office LAN environments across 23 countries.

He is certified and trained in Juniper JNCIA, Checkpoint CCSA training and Microsoft MCSE NT 4.0.
